

WINEMAKER NOTES

Calistoga Cellars Napa Valley Sauvignon Blanc is made predominantly of fruit sourced from our estate ranch Blossom Creek in Calistoga. The excellent quality of our grapes from the Blossom Creek vineyard is the reason we have continued to produce an award winning Sauvignon Blanc of consistent quality. Fermenting the grapes in stainless steel tanks gives our Sauvignon Blanc a very clean and refreshing taste.

The 2005 vintage exhibits lovely tropical fruit flavors and nice acidity.
